Om Sri Sai Ram,

Sri Sathya Sai Vidyaniketan name of our school was given by Sri Sathya Sai Baba and as such the mission and vision of our school is to propagate the Sai Philosophy of Educare i.e. education in human values, namely Truth, Love, Peace, Right conduct and Non-violence. The behaviour of our students and all staff members should be worthy of the Sai Philosophy. Sri Sathya Sai Vidyaniketan is a unique school among the government grant aided and private schools, offering healthy balance between the academic excellence and the education in human values, cultural heritage, moral and spiritual values. This means blending academic knowledge necessary for worldly living with spiritual knowledge thereby laying firm foundation for development of good character through unfolding of five human values. The Sai Philosophy of Education is the only philosophy available to the troubled world to progress for universal peace and prosperity. The former Prime minister of India Sri Atal Bihari Vajpayee had said the "Sai Philosophy of Educare must be implemented in the very fundamentals of the education policy of the country."

Annual Day Celebrations

Quarterly Newsletter of Sri Sathya Sai Vidyaniketan

In this issue:

Themed "GOD , NATURE , MAN" 17th Annual day was celebrated in Sri Sathya Sai Vidyaniketan on 15th Dec 2018 .

God , Nature , Man

The relation between God , Nature and Man is very significant as all of them are both , complementary and supplementary to each other . Serving Nature is serving God . The Annual festival of 2018 was dedicated to make people around us , aware of the importance of nature , making them realise the damage they are doing to it knowingly or unknowingly and also how to control it to make our planet a better place to live .

Various activities were performed by students like Group song , Group Dance , Drama , Skit and Formation dance to name a few . The chief guest of the event was Mr. Makwana , who is the district judge of Navsari . The whole team of Sri Sathya Sai Vidyaniketan worked together to make this programme a huge success .

The relationship between God, Nature and Man, on one hand, has been ambiguous, with philosopher's views ranging from Anthropocentrism, to Biocentrism to Egocentrism, while on the other hand, it has been more holistic, considering God to be the creator of nature, nature to be the creator of human and human to be the integral part of nature. In the modern age, where, due to rampant industrialization, humans have destroyed nature to the extent, where he finds himself unable to cope up with the wrath of it, Sri Sathya Sai Vidyaniketan celebrated the 17th annual day to reestablish and imbibe in the minds of young generation, the need to conserve nature and also to reinstill the faith in them, that by serving the nature. We are serving the God.

As our beloved Sri Sathya Sai baba has said

"Whatever man seeks to achieve, he has to rely on nature. Nature is not anyone's private property. It belongs to God. Not realizing the truth, some people embark on the exploitation of nature, out of arrogance and self conceit. This is highly misconceived".

Themed 'GOD, NATURE AND MAN', our 17th annual day was an endeavour towards making students grow conscious about how these three are interconnected and how we should respect them to make this earth a better place.

"Spend your time in the contemplation of the beauties of nature that are spread out before you in earth and sky: green expanses of the crops you have raised, cool breezes that waft contentment and joy, the panorama of colored clouds, the music of birds."- Sri Sathya Sai Baba

CAREER COUNSELLING FOR STUDENTS

YOUR CHOICES SHAPE YOUR DESTINY

*Making sure our students make right choices at
right time in life*

Career development is more than just deciding on which stream to choose after class 10 or which field to opt for after class 12. It really is a lifelong process, meaning that throughout our student's life, they will change, situations will change, and they will continually have to make career and life decisions. The goal of Sri Sathya Sai Vidyaniketan is to not only help our students make the decisions they need to make now, but to give them the knowledge and skills they need to make future career and life decisions. To accomplish this task more efficiently, apart from our regular motivational sessions, we also invite career professionals who guide our students and help them ease the process of making choices in life.

Mr Ketan Gohil is a well known person in the field of Brain development, Motivational speaker and Career counsellor. Mr Gohil was invited to school on 24th Nov 2018. The students loved and enjoyed the session feeling a bit more sure about the choices they have to make in their lives.

DUSSEHRA CELEBRATIONS

The dance festival of Gujarat , Navratri, was celebrated amid high enthusiasm in campus . The tenth day was Dussehra. Dussehra was celebrated in our school premises wherein students took very active participation . The students were given lessons on , how Truth alone triumphs in the end , how Evil can never win over Goodness and how , difficult roads leads to beautiful destinations .

The whole programme was student centric , with main focus given to student's needs . An effigy of Ravana was made , which was burnt which signified the victory of Good over Evil and motivated the students to kill all the negative thoughts from their minds and move forward towards healthy thoughts to attain victory .

The day ended with sweets distribution to students which made them feel like home .

Should each person live the ideals propounded by the founders of his religion, unaffected by greed or hate, then the world will be a happy and peaceful habitation for man. - Sathya Sai Baba
